NEVER DESPAIR OF LIFE!
KELLEY & CO'S
HIGHLY CONCENTRATED
SARSAPARILLA
Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives
Annually!
10,000 CASES
OF SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished This is the only medicine known to cure these diseases
THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle, and then be far superior to any in use. It is put into the Bottle in FULL STRENGTH and power, without reducing it and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak Clumsy, Adulterated, Sickish and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be
Six Times Stronger
than any other, and Six Times Better, Safer, Surer, and Cheaper than all others *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do It Cures
Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!
CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!
A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES, stonishing as it may seem that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for Diseases of the Lungs." Some will marvel at this REMARKABLE Cure but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And save
SIR BENJAMIN BRODIE,
Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails the
Severest Scrofula and Humors,
where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is, that it makes the BLOOD perfectly Pure Rich Healthy, Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful Strength wasting, Appetite gone, Pulse weak or Feverish, Skin yellow, Nerves deranged Here stores Health, Strength, and Vigor to every disordered function of the System—causing them to move on pure as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the
Master Remedy of the Age!
The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient or prolong his sufferings But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent Others only scatter or back on this disease but this EXTIRPATES it wholly from the system—this saves the patient alive, while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE, that the System so revivified—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH!
Ladies, Married and Unmarried!
It is for you especially that this Sarsaparilla is made, as the "HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. Those Complaints have never been cared for as they ought, hence it is that all the medicines which are used with the hope of Cure, so miserably and entirely fail But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affection, or Pain, which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles
Manufactured by
JOS. L. KELLEY & CO.,

DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock.
THE articles above named are the principal ingredients of this medicine With these other vegetable drugs are combined, designed to render them more active, and consequently more immediately effective
The Dock or rather a species of it, now ranks as a medicinal plant second to no one of the vegetable kingdom. With the aid of a distinguished chemist whom the proprietor has consulted in the preparations of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time
For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them which has resulted in the production of the compound In this the ingredients are found to act in harmony and to use none of the qualities which they separately possess
A larger portion of Sarsaparilla is soluble than has generally been supposed The extract next to bark is less and least liable to decomposition is prepared by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time without any other accelerating agent None is permitted to be used in the compound, that has not been of tanned by this process and that has been less than a year prepared
Pipsissewa, (the *Chimaphila Umbellata, or Pyrola Umbellata* as it is variously called by Botanists) was first employed medicinally by the Aborigines of America and was first introduced to the notice of the medical profession in 1805, by the late eminent Physician Dr S L Mitchell of New York. Dr Peters of London says that it has an alterative in Scrofula and in other chronic diseases—it is generally supposed to possess almost specific powers, and Dr Parr of London, speaks of a practitioner who relies wholly to success of in Pipsissewa by which he is enabled to cure Scrofula in its worst forms
When taken into the stomach it acts as a tonic producing an agreeable sensation and assisting the appetite and digestive process it then acts on the action of the secreting organs, more especially the kidneys over which indeed it appears to exert specific influence In order to insure essentially the benefit derived from Sarsaparilla we have most admirably combined the Pipsissewa with it so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla

Votes!

Printed votes for the county of Penobscot are now printed and ready for delivery, and every town should see to it that they are fully supplied in season

If Gen. TAYLOR is elected we will do more to curb the Spirit of Conquest, and check the Spread of Slavery, than any other man the Whigs can elect JOHN Q. ADAMS.

A Word to the Friends of "Free Soil."

We think it important that the Whigs who have been led to believe that those Democrats who have been active and open in their alledged purpose to join a third party, intend to vote for the nominations made by that party, should be at once undeceived They intend to do no such thing It is well understood here in Bangor and openly acknowledged that the leaders, who were Democrats, will not vote for Mr Cass, their candidate, *but will all vote for Mr Stetson*, the nominee of the Cass party, for Congress. It looks very much as if there was a nice little scheme to draw off from Mr Washburn a support as many Whigs and free soil men as possible, whilst the Democrats take good care to go for the old party nomination

It was certainly a little remarkable that the delegate from this city to Buffalo could not be coaxed or driven into the County Convention of the Van Buren party, held here last week, but hovered about on the out skirts

Let those whose sympathies and feelings are with the Whigs, see to it, that in the election for Congress, they are not made instrumental in electing the Cass candidate, who keeps dark on the subject of Free Soil What man can desire a sooncer, or abler candidate than Mr Washburn—the honest, avowed and firm supporter of the Free Soil doctrine

We know that here in Bangor, those who have been Whigs, intend that Mr Washburn shall have their votes in offset to those of their party who may vote for Mr Stetson And our old Liberty party friends will not forget that Mr Cutting is not now the candidate of the Liberty party but of the new Van Buren party The old party has been strangled, killed, is dead and buried– they owe no allegiance to it or its leaders Will they throw their votes so as to defeat Mr Washburn, who is in all respects the firm friend of freedom and will stand up, as they would themselves, on all subjects in which liberty and right are at issue

It is an abuse of language to denominate the new Van Buren party, composed of a portion of the late Liberty party, a portion of the Loco party, and a few "ultra Whigs," the "Free soil party" An apt, short, and proper name for this party, is *The Van Buren party* This expresses the idea exactly for this movement on the part of Mr Van Buren and his friends, was commenced for the purpose of defeating the election of Gen Cass That point he has ceased to be secured, they are, of course, willing to make as much of a demonstration as possible, and prove themselves to be the "Democratic party of New York State, and of too much consequence to have been so ill treated as they were by their party in the Union in 1844 We mean in the use of the term Van Buren party, no disrespect to any one, but to deny to that party any monopoly of Free soil principles, since speculation by the Whig party reflect almost more of Free Soil principles, as any party of whatever name

"David Dudly Field Esq, of New York delivered a political address on the subject of 'Free Soil' at the City Hall on Thursday evening.—We could not attend—the sickness of one of our little ones preventing—but we suppose it was satisfactory to a portion of his auditors Mr Field has always, we believe, been a member of the 'Democratic party' New York, and was one of those who in 1844 voted for Mr Polk under a protest against the annexation of Texas His theory regarding Texas was right but his action was opposed to that and was wrong If he can induce any of his party to quit Gen Cass and vote for Van Buren we shall be glad, but every Whig who considers Gen Taylor to be Mr Van Buren will act as inconsistently as did Mr Field in 1844

Every such Whig vote has an influence in aiding the election of Gen Cass Every Whig who withholds his vote from Gen Taylor, whether he votes for any other candidate or not, gives aid and comfort to the enemy of the Wilmot Proviso, Gen Cass! Remember, the mere withholding of a Whig vote for Gen Taylor has the effect of helping Gen Cass

Vermont is awake, and meetings to address the people have been arranged on an extensive scale, duly published, by the friends of old Zach That is just what we want at this time in Maine, and with the public meetings and discussions there should be the spread of Whig newspapers and documents and a thorough organization— If these things are well attended to there will be a good account of the September election, but nothing to be compared with the November election when he great National issues will be tried and all endeavor to do their best

The September election seems to be rather in the way this year, as many men who intend to vote for Zachary Taylor for President will vote for the Loco State ticket The political character of Maine must not be judged of by the September vote

The Boston Mail well remarks that the position of Gen Taylor is simply this—he says he is a Whig, but that if elected to the Presidency it must be by those who have confidence enough in him to give him their votes without any pledges Abbot Lawrence said the same thing when he was first nominated for Congress in 1834 Nathan Brooks and J T Buckingham (both free soilmen) said the same in effect when they were nominated for Senators in Middlesex and both went into elaborate arguments to show that a man who would make a pledge, prejudging his action as a public officer, would be the first to break it, that the whole history of politics in this country is covered with broken pledges

Yet some of the 'Free Soil' men now berate Gen Taylor for not making all sorts of special pledges, not that it would vary their vote if he did, but in the hope of getting somebody dissatisfied with the old line

The Plurality System.

Some enquiries have been made in relation to what officers in the State are elected by plurality We would say that Electors for President, Representatives in Congress, Representatives in the Legislature, and all county officers are elected by a plurality The person having the highest number of votes, although not a majority, will be chosen The Governor and Senators remain as formerly, i e requiring a majority to elect

George R. Smith & Co have received at their Book Store the Daguereotype, No 10 of the second volume, for August 12th The late movements in Europe have given to this Magazine a deep interest and value, as its talented editor labors with great success in keeping all the great and leading affairs there, well posted up in his beautiful pages—we cannot help saying beautiful, for they appear about as neat as those of an annual for a gift book

Mr James Stinson of Oldtown has opened a new Hotel in that village, in which he will allow no ardent spirits, excepting himself and his worthy wife, who will both ardently labor for the comfort of those who make their temporary home at this house

Mr Stinson and his wife are both good "Taylor men," and go for old Zach with great readiness

A friend suggests that the dissolution of the Liberty party, and the formation of a new union, is but another instance of the custom quite common, when a concern is insolvent or about to fail, to drop the old name of the firm, and take in some man of straw and come out under a new name for the firm

The 'True Sun, alarmed at the havoc the nomination of Van Buren is making in the Cass ranks, declares that *he has turned Whig!*— And being a Whig, it asks, can any Barnburning Democrat vote for him? So then the 'True Sun does appeal from Hunkerism to Van Burenism

The Boston Post contains a forged and humbug letter purporting to be written by Hon Daniel Webster in opposition to Gen Taylor's election Rascality has reached its culminating point

There is every reason to believe, from the present state of the canvass in Virginia, that Gen Taylor will carry that State He is going through Western Virginia with a perfect rush

Thanks to Hodgman & Co's Express, and also to Capt. Jewett, and the gentlemanly clerk of the Governor, Mr Crockett, for papers received on Saturday, in advance of the mail

ENGLAND

In various parts of England the proceedings of the Chartists have broken out into violence At Ashton-under Lyne and other districts round Manchester, considerable excitement has existed for a week time past, and the Clubs have been more than usually active Mobs have paraded the streets armed with pikes and guns, and there can be no doubt that some scheme has been concocted with the disaffected in other parts of the kingdom to get up some insurrectionary movement On Monday the Manchester magistrates struck a blow against Club organization, by arresting 14 of the chief leaders of the various clubs

London, Aug 19—Last night, and up to 12 o'clock to day, there existed the greatest excitement, in consequence of disclosures made by a witness named Powell, in the case of the captured Chartists

IRELAND

Public attention still continues to be directed towards Ireland Messrs Meagher, O Donahue and Leyne have been arrested, and the police and soldiers are engaged in a hot pursuit after Mr O Gorman and those of the confederates who are still at large A number of arrests continue to be made in all parts of the country and active proceedings are on foot to bring Mr O Brien to trial The celebrated counsel, Mr Whiteside, who distinguished himself so greatly in Mr O Connell's case, having been retained for his defence

In the mean time an enemy of even a more appalling character than civil war, has again made its appearance in the form of the potato disease in Ireland, also in England and Scotland All the indications of destruction which discovered themselves in the autumn of 1845, are now re-appearing and a luxuriant field of this essential esculent, becomes in Twenty-four hours a withered and blackened mass From a variety of well authenticated quarters, we learn that the destruction is already most extensive, and the pestilential effluvia which salutes the passenger on the road side, indicates but too fatally the extent of the mischief under ground We earnestly trust that the alarm which has been excited within these few days, may subside, and as the crops of potatoes are gathered in that the results may turn out quite different to what is now anticipated At this present moment the prospects in every quarter are dark and dismal, but we do not even now altogether despair

We are assured that the repeal association will not be permitted to re-assemble under any from, and is generally believed that Mr John Connell will retire from public life, and devote his attention exclusively to the National Bank with which he is connected as a director Mr Harnett the leader of the insurgent band, who attacked the mail at Abbeyspeake, has been arrested Doheny and O Gorman have still eluded the vigilance of the Police Dillon is supposed to be secreted somewhere, severely wounded in the affray at Boulagh

Arrest of Meagher, O Donohoe, Maurice and Lavyn —These individuals were brought to Dublin on Sunday morning, arriving at half past nine from Thurles, at the terminus of the Cashel Railway, Kingsbridge

A person named Sexton, conducting clerk to an eminent solicitor, has been arrested in Dublin on a charge of treason Richard Franks Ryan, an American, in whose possession papers were found appointing him a delegate for England, Ireland and Scotland, was also arrested

A younger brother of Mr John Martin was on Monday lodged in Kilmainham jail, having been arrested on Sunday morning in Londonderry, charged with being engaged in treasonable practices A Mr Dillon, brother of a respectable coachmaker in Dublin, was lodged in Kilmainham jail, having been arrested in Derry shortly after the capture of Mr Martin Several arrests have taken place of American sympathizers On Monday a Mr Timothy Sexton, supposed to act in that capacity, was arrested in Dublin Five sympathizers, 3 Americans and 2 Frenchmen, have been arrested at Belfast— A paper of that town says "We have not been able to learn the particulars, but we understand that a sum of money amounting to £1750, was found on their persons, and that documents were discovered in their trunks and portmanteaus, sufficient to establish a charge of high treason against them all They were arrested in one of the Hotels, by the constabulary, and were immediately conveyed under a strong escort of police to Dublin We have not learned names of the parties

FRANCE

The events of the week in France, although not of a striking character at first view, are calculated to produce a most auspicious result upon the people of France, as well as upon the whole continent of Europe, than any which have occurred since the revolution M Beaumont has been despatched to the Court of St James as Minister Plenipotentiary of the French Republic, and delivered his credentials to her Majesty on Monday, who came up expressly to London for that purpose The fact of M Beaumont being sent to England, instead of M Marrast, as contemplated, is a happy augury to the two countries Apparently a thoroughly good understanding seems to prevail between France and England

The Continent.

We learn from authentic sources that whilst Radetsky commands Northern Italy from Milan, Gen Welden has crossed the Po and has penetrated into Romagna. He issued proclamations declaring that he would destroy any town which offered the least resistance to his troops, as he had destroyed Sermide, and he advanced without opposition as far as Bologna There considerable slaughter ensued and the Austrians were beaten out of town as far as Mustagnola From this spot the Austrians bombarded the town, which was set fire to, but the people again attacked the Austrians and took Magnola by assault

The visitation of the territories of the Pope by Gen Welden is under the plea of releasing the Pope from political thraldom Ravenna is already occupied by the Austrians and we cannot suppose that the brave Bolognese will be able long to resist the superior forces brought against them Charles Albert having retired to Navara was by the last accounts at Alessandria Milan was held by Radetzky, who had appointed Prince Felix Schwartzenberg, Governor

On Wednesday, Lamartine delivered an energetic speech in the Committee of foreign Affairs, in favor of an armed intervention in Italian affairs by France, as the only way by which she can observe the solemn engagement which he made in the name of the country, and with its evident approbation. If it should succeed a European war becomes inevitable, as most assuredly Austria, flushed with victory and backed by the German Confederation, will never yield to French violence alone The wise and pacific counsels of England and France united, may bring about a far different result, and our only hope is in the firmness of General Cavaignac The moment is in the highest degree critical.

"The Great Error"

—and it is a common one in Europe—WAS BEEN TO ADHERE TO WASHINGTON TOO IMPORTANT A PART, and to the body of the people the insignificant a one, in our great political drama

The extract is taken from Gen Cass' eulogy of Louis Philippe; of which he would undoubtedly say, the great error was in assigning to him too low a position and to the people of France too high!

Steamboat Accident.

The Pilot of the steamer Montrose struck this forenoon, about one o'clock, just as she was ready to leave rail road wharf for Augusta— Through his carelessness one man was injured One man jumped overboard, but was rescued The pilot house was knocked to pieces, but little damage was done to the boat otherwise, as the force of the explosion passed over the bows of the boat The power of the explosion was so great as to break her fastenings The accident was caused by a deficiency in the upper part of the forward end of the boiler There was not near so much steam on as usual, and the engine was working Had the rupture occurred in the other end of the boiler, the destruction of life must have been very great, as most of the passengers were either on board or near the steamer —Portland Universe of Sept 2

Daniel Webster for Taylor.

A great Whig meeting was held on Friday afternoon at Marshfield, Mass agreeably to notice given There were from one thousand to fifteen hundred persons present, and great enthusiasm prevailed. Mr Webster spoke about an hour and a half, in his usual eloquent and forcible manner His speech was devoted exclusively to the gone destruction of the President's question, and he avowed himself fully and unequivocally in favor of electing General Taylor

The Tiger Engine Co, No 6, started this morning in the "Sin e of Maine" on a pleasure excursion to Boston stopping for a few hours at Portland They made a fine appearance, and are accompanied by the Citizen's Brass Band

The body of Mr John Borland, was found on the 30th ult in the Schuylkill at Nicholson Mr Borland was about 50 years of age and used to be from Worcester Mass

The jury of inquest came to the conclusion that his death was caused by his taking poison

A Noble Enterprize.

A benevolent gentleman of Cincinnati (Messrs David Christy, agent of American Colonization Society for Ohio, the sum of two thousand dollars, for the purchase of a portion of the African coast, outside of the present limits of Liberia, to be paid as soon as the necessary arrangements can be made. It is designed to offer the territory to the colored people of Ohio, Indiana, and Illinois, for their acceptance, upon which to establish a new State, in connection with the Republic of Liberia.

The agent at Washington, the Rev William McLain, recommends that the purchase be made North west of Liberia, so as to include the Gallinas and those other darkest dens of the slave trade. This purchase would embrace the coast between the Republic of Liberia and Sierra Leone, and force to banish the slave trade from that region —Cincinnati Gaz

IT REMEMBERED, that Lewis Cass has received over SIXTY THOUSAND DOLLARS for extra services, when he was paid for his whole time by the Government.

THE BEST TRUSS IN USE

is DR. J. W. PERLES Patent Conoxe Spiral Truss and Abdominal Supporter.

New York Office—Irvingham, 70 Nassau St.,
May 31, 1848.

I have examined Mr W. Perles's newly invented Conoxe Spiral Truss, and in connection with Doctors Valentine Seaver, and Parker, in their opinions of its principle and structure. Believing an important support for every one, and many various kinds of Trusses for the last ten years, I concluded to try one of these, and finding the application of its spiral pressure and the sealing of the parts to much easier than any others, I have no hesitation in recommending it, in preference to any I have seen.

SAMUEL H. PERLES, M. C. M. S.

Bangor, Me., June 3, 1848.

Dear Sir,—I comply with pleasure with your request for an opinion of your Abdominal Supporter, for Pendent Bowels. I have recommended it to many persons, and have given much satisfaction in every instance in which I have known it to be worn. It is a high recommendation of its merits, that I have myself worn it for the last two years, and have found it to add to my comfort, as to my appearance, as much as any article of dress I wear. I have also recommended it to many of my friends, and have never known it to fail in giving entire satisfaction. I shall continue to recommend it with great confidence to those who require its use.

Yours, truly, JOHN E. FOX.

WHERE the all powerful antidote is at hand Cholera Dysentery and Chronic Diarrhoea are no longer to be seriously feared or looked upon with terror—as has Cordial will most assuredly cure the disease in the course of a very few hours if taken at the commencement
It has been before the public for more than six years and was the first article made known to the public as an immediate and perfect remedy for these complaints It has been thoroughly tested in every country and every climate, and its effect has every where proved the same—SURE TO CURE, even where the disease has advanced to the last stage The public may rest assured that it contains neither opium or mineral substances or any thing that is of the least injurious to the constitution
Cholera and Common Cholera Morbus
This Cordial immediately checks the vomiting relieves the pains, stops the Diarrhoea and restores the bowels to a perfectly regular and healthy state however severe the attack may be or however low the patient may have become it invariably restores
Severest cases of Dysentery,
are immediately counteracted, the pains are allayed the bowels healed and not unfrequently the bowels become perfectly regulated and restored in the short space of from five to seven hours
Chronic Diarrhœa,
other in children or adults of months or years continuance, are most readily cured with this Cordial notwithstanding they may be reduced to a mere skeleton it more than gives strength, and shortly restores them to perfect health
Cholera Infantum
It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover
Sea Sickness
It is a most pleasant and desirable remedy for Sea Sickness it checks the vomiting and retains and restores the patient to a comfortable look vomiting produced for so any cause whatever
Children that are Teething,

M'Alister's All Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet it not only acts upon the organs of the chest, but the whole nervous system feels its influence. It moves along in the nerves and thus finds its way to the liver or lungs, stomach and brain imparting increased activity and energy to these organs while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface. Hence the extraordinary rapidity and certainty with which it cures asthma coughs and liver complaint. Also headache, agues, consumption and spinal diseases.

Its first action is to open the pores of the flesh impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system. It performs precisely in sickness what nature performs for herself in health having the full use of every function of the body.

It is this power which enables the ointment to sweep off all cutaneous eruptions skin diseases of every nature, also to subdue all inflammations fevers, and all bowel complaints—in short by keeping the pores of the skin open and restoring health and nervous energy to all the organs of the body.

Certificate from Col Tate editor of the Columbia Democrat Pa

OFFICE OF THE COLUMBIA DEMOCRAT, Bloomsburg Columbia Co Pa, March 4 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence I have seldom resorted to the Pill box. Last March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family gave them a decided preference over every other preparation.

In every instance, when afflicted with sick head ache, or when the stream of life was encumbered with morbid humors I found speedy relief from the use of your Pills. By taking from four to six on going to bed when indisposed, I have always been restored to health, without loss of time and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient and in my case without producing even sickness at the stomach.

Respectfully, your friend &c LEVI L TATE

[From the Delaware Express Delhi N Y]

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicines we must confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy. For a gentle medicine, one or two will be found mild though effective. Where bile or other impurities have accumulated and more thorough medicine is required a dose of three or four of these pills taken on going to bed will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in commending the pills to the public

Look out for Counterfeits!

Important to Owners of Horses.
Dillow's Celebrated
HEAVE CURE!!!

Which has been used with such astonishing effect in France and England for the last twenty years is now, and has been for the last two years performing the most wonderful cures ever recorded in this Country. More than

2000 cases of Heaves
2500 cases of Chronic Coughs and Colds
1000 cases of Catarrh and Nasal Gleet,
1500 cases of Affection of Bronchial Tubes and Glands,
500 cases of Thick and Broken Wind, and
800 cases of [illegible] Lungs

Have been cured by this extraordinary remedy, since its introduction in the United States. The following is one of the hundreds of certificates in our possession, proving its Universal efficacy.

NEW SCOTLAND Albany Co N Y, February 17th, 1848

Messrs Ford & Grant Gentlemen—I herewith transmit to you my certificate for the benefit of those who may have horses similarly afflicted.

I, [illegible] that one of my best horses in the winter of 1846 7, became afflicted with the heaves in the most aggravated form—which I believed to run beyond [illegible] the unparalleled popularity for him. Having heard of the unparalleled popularity of "Dillow's Heave Cure" I purchased three packages of it gave it to him and it entirely removed the disease. From that time to the present he has been in a perfectly sound condition

JAMES M WILLIAMS

UNIVERSAL CONDITION MEDICINE

Read the testimony of an eminent Boston Farrier

BOSTON, January 9th 1848

Messrs Ford & Grant Gentlemen—At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure. As an Universal Condition Medicine, as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, throat and salivary glands and the lungs, and also from its genial and alterative properties I recommend it to be one best medicine extant, for cases of Farcy, Sorfeit, Chest Founder, Dropsy of the Skin and Chest, Fever, Pleurisy, Jaundice, Hide Bound Inflammation of the Kidneys and Mange. I conceive it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse owning public, to the fact that nine tenths of the above Diseases are contracted through neglect during the Moulting Season or time of changing the hair, which takes place during the most inclement seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up, and the circulation of the fluids cease. If left in that condition, Disease in some form must ensue. It is at this time that I consider your Invaluable Powder indispensable, as it operates upon the pores and Fluids of the skin, and causes the hair to fall off in due time, making way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farrier No. 10 Ash Street.

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the U States, has induced several persons to imitate and counterfeit it and endeavor to so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that "Dillow's Heave Cure" is the first article of the kind ever introduced into the United States, and we hereby offer the sum of one thousand dollars to any person who will prove to the contrary. Consequently all others must be imitations.

Dr. Townsend's
COMPOUND EXTRACT OF
SARSAPARILLA,

Wonder and Blessing of the Age. THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates new pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success—It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15 000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons

10 000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system, lassitude, want of ambition fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL

As it renews and invigorates the system gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Colds, Catarrh Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York, April 28, 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced and did not expect to live—I have only used your Sarsaparilla a short time and there has a wonderful change been wrought in me I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results

Your obedient servant, WM RUSSELL, 65 Catherine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism considerable of the time I could not eat, sleep or walk I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully, JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought as she was in very delicate health we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully, JOHN BUTLER, Jr

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhoea or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness—It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Thousands of cases where families have been without children after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period "The turn of life" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin is inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a great remedy for females, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate [illegible]

—ulus of the blood. Three persons cured in one house is unprecedented.

[illegible] Dr. Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully ISAAC W CRAIN, 106 Wooster-st

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided.

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery we are always pleased to give our aid or that which is truly useful, and to give information which may benefit others. A few days ago a brother of ours, from Norway Me, came into our office uncomfortable in health whom we did not expect to see again or nearly. We received a letter a few weeks since from another brother resident in the house with him saying that he was confined to the bed and could not probably continue but a short time. [illegible] the slight cough remaining, as it would be [illegible] have until he has had further time for acquiring strength of the lungs. But he is in [illegible] his health. The following letter which he addressed to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine has been the instrument of the good work.

Boston Feb 16, 1847

Dr D F Bradlee—Sir—I feel it my duty to say a word to you in commendation of Buchan's Hungarian Balsam of Life. Hearing much about some of the facts in relation to my case and I think are of any special view in and encourage the sick to seek relief at the source from whence I obtained it, I shall be thankful.

My residence is Norway, Me. Four years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work, and was confined to the house. In a short time [illegible] During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases, but could find no relief but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But a friend who had used it, I heard of this Hungarian Balsam, and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation.

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically dear, under a longer continued treatment. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described, be advised in time.

Sold in large bottles at only one dollar per bottle

All Chronic Diseases, Bilious and Bowel Complaints, Costiveness, Dyspepsia, Fever and Ague, Headache, Jaundice, Liver Complaints, Rheumatism, all Stomach Complaints, Green Sickness etc. etc. yield at once to these pills. They purge away offensive humors, arrest the progress of disease, and at the same time restore tone and vigor to the system. In cases of general derangement of the health they are invaluable.—Price 25 cents a box.

The Graefenberg Children's Panacea. This is a Medicine which should be in every family. In all diseases to which children and youth are subject, and for Summer Complaints, Dysentery, and all other affections of the stomach and bowels it is infallible. Price 50 cents a bottle.

The Green Mountain Vegetable Ointment.—This is an Indian remedy, the receipt for which was obtained by one of the early settlers of Vermont from the Indians. It is an invaluable dressing for Burns and Scalds, and by its use all bruises and fresh cut wounds are cured with great rapidity. Price 25 and 50 cents a box.

Patent Mill Wheels.

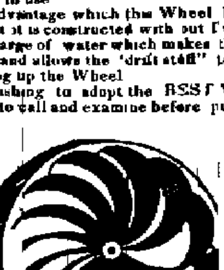

Timbey's Patent
Two Vent Cast Iron Water Wheels —for— SAW MILLS, Invented by T. R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in Competition with all other popular SAW MILL WHEELS in use at the present time, and they can confidently recommend them with the same head and quantity of water applied, as possessing and combining more Strength and Speed, and giving a more uniform and Steady Motion "in and out of the cut" (and therefore not liable to break cranks,) and will also run longer and Saw more Lumber under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the "drift stuff" to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere

We would also call the attention of Mill Owners and Operators to Valentine's Patent Reversing Centrifugal Water Wheel, —FOR— "UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills, and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts, now used

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by ITHAMAR A. BEARD Esq., Civil Engineer—Lowell, Mass. who is well known as one of the most Scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel, each extending so far around the Wheel, that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel. The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved, which in the ordinary mode of operation is wholly lost.

This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it providing the head rises in a freshet as fast as the back water. But a Wheel with the jets suitably guaged for a high head will not answer for a low one, and vice versa for as the head increases the width of the jets should be in proportion to the head, so that the water may not issue to waste, and to give its best effect to the Wheel

In point of power, the trials show conclusively this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless is less liable to need repairs, easily accessible when they are needed, costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop—Simplicity of structure durability of parts convenience of application and excellence of power are the grand points of recommendation for this Wheel."

ITHAMAR A. BEARD Civil Engineer.

*All sizes of the above Wheels with all the LATEST and most IMPROVED patterns of Mill Gearing, Machinery, &c.; Shingle, Clapboard, Sapping, Lath and Box Machines; Steam Engines and Boilers, with all kinds of PAPER MACHINERY, manufactured and furnished on the most favorable terms.
